## SOMERSET.

After a prolonged stay in the blue-grass section, your correspondent is once more at home. Upon our return to Somerset we found that the city had outgrown us, over 100 houses having been completed and others receiving the click and clatter of busy hammers, from early morn to dewy eve. In no place in all our rambles have we found so much push and enterprise as right here in this growing little city.

It was a source of deep gratification to observe the spirit that pervaded the place on Beckham day. Not an event occurred to mar the pleasure of the occasion. He was tendered a real ovation, the parade of a mile in length being orderly and patriotic. Upon reaching the High School building there were 400 pupils to give cordial greeting, and after thanking them for their kindly notice, the Governor presented a very sweet, helpful, hopeful speech, telling them to whatever political party they might belong, they should remember that they are citizens of this grand old Commonwealth, the greatest in the Union, and they had reasons to be proud of this beautiful mountain country. He addressed a large audience at the Opera House at 1 p. m. and was tendered a fine reception at night. He most certainly made a good impression here. Many availed themselves of the opportunity to give him a warm grasp of the hand.

The weather continues warm and dry here, a light shower only having laid the dust previous to Beckham day.

The different churches are now preparing for a series of receptions and entertainments in the near future. The Sunday-school pupils were delightfully entertained at the Christian church Friday night, cakes and ice being served.

A quiet little wedding ceremony was performed at the residence of the pastor of the Christian church, O. P. McMahon, Friday afternoon, after which the groom and bride, Mr. and Mrs. Orme, left to enjoy their honeymoon in Tennessee.

## Resolutions of Respect.

WHEREAS, It has pleased the Omnipotent Ruler of all things to remove from this world and from the society of those who love him, our friend and associate, the Hon. Vincent Boreing, we, the Directors of the Cumberland Valley Land Company, of which, at the time of his decease, he was the President, feel that we should officially express our recognition of the ability and fidelity with which he discharged the duties of that position, and of the courtesy and consideration he invariably extended to his colleagues and to all those with whom business relations brought him in contact. We wish, also, to testify to his many excellent and admirable traits of character and to gratefully acknowledge our appreciation of the friendly services which we, as all others so fortunate as to be in any wise associated with him, received at his hands.

Therefore, be it resolved that, in the death of the Hon. Vincent Boreing, we deplore the loss of a man who, in his public and private life, benefited and honored the community of which he was a citizen, who, in all the vocations in which, during his busy and useful career, he was engaged, faithfully observed every obligation and manfully performed every task, who justly received the approbation and endorsement of his people for services rendered his country, and deserved and won the affection of his fellow citizens by kindness, charity and equity in all his dealings, and whose memory will be cherished and preserved long after the grave has closed over his mortal remains.

RESOLVED, That copies of these resolutions be recorded in the minutes of the Company and be sent to his family, and that they be printed in the INTERIOR JOURNAL, Mountain Echo, the Mountain Democrat, Courier-Journal, Lexington Democrat and Louisville Herald.

We have a good trade on the Tablets.—HOLLEY BROS., Merchants, Long Branch, Mo. For sale by W. N. Craig.

AFTER abusing Belknap and his party's methods and declaring he would not take the stump for the republican ticket this fall, Ex-Gov. W. O. Bradley awakes from his hypnotic slumbers long enough to write to John C. Wood, chairman of the republican speakers' bureau, as follows: "Had my health justified I would have spoken for the republican party before this, and shall certainly speak as soon as able. The best interest of the State requires the election of the republican ticket, and I trust that no man will be found who is not willing to do his duty." It was reported that the governor got \$1,000 a speech when he was finally persuaded to take the stump for Taylor but of course in the present campaign when such poor men as "Snowball" Belknap, et al. are running they could not pay such a price, which we think is not high for so good a stumper as the ex-governor is.

A GENTLEMAN who lives in Scott county and who visited here a few days ago, told a friend of this paper that Caleb Powers, who has been three times convicted of conspiracy in the assassination of Governor Goebel, had fully \$40,000 to his credit in a Georgetown bank. The gentleman is not a banker himself, but he is a reputable citizen who would not make such a statement if he did not have good reason to know the truthfulness of it. Considering the enormous effort that has for two or three years been made to extract money from the people for Powers' benefit, we are not surprised at the good bank account he has.

JOHN W. YERKES, Senator Fairbanks, Gum Shoe Hunter and Fugitive Taylor, big bugs in rad ranks, held a secret consultation at Indianapolis. Let us hope the fruit of that meeting will be nothing like that of the one held at the Galt House, Louisville, just before poor Goebel was assassinated.

THE corn crop of the United States is estimated at two billion bushels. So it is not likely that we will starve even if the drouth has cut the crop away down in Kentucky.

M. P. COLE, of Compton, Wolfe county, must be the worst republican in the State. He is in jail at that place charged with stealing a great big house.

THE Mt. Vernon Signal is 17 years old and like wine, it grows better as it grows older.

Gen. Miles denies that he is a candidate for any political office.

Republicans of Anderson nominated Dr. R. L. Milton for Representative.

Montgomery republicans will not nominate a candidate for Representative.

George B. McClellan was nominated for mayor of New York by Tammany Hall democrats.

The Rev. Dr. David H. Green has accepted the place of Bishop Coadjutor of the Episcopal diocese of New York.

The republican State convention at Boston endorsed President Roosevelt's administration and nominated Gov. Bates.

The Louisville Post headlines an article "To hell with the editor of the Post." So say we. So say all of us.—Lexington Democrat.

The public debt at the close of business Sept. 30 last, less the cash in the Treasury, amounted to \$917,752,545, a decrease for the month of \$6,171,812.

Senator John T. Morgan says he favors a strong declaration in the next national democratic platform to the effect that "this is a white man's country."

Dr. W. Godfrey Hunter's plan to carry Kentucky for the republican State ticket is to spend the bulk of a big campaign fund during the week before the election. Funds will be sent to every precinct in the State.

Washington republicans who are interested in Kentucky politics believe the congressional race in the 11th district will narrow down to Hunter and Edwards. It is generally believed that Edwards has the favor of the Administration and the large majority of Kentucky republicans at the national capital.

MARSHAL JONES killed a mad dog on Lancaster Avenue the other day. The canine tried to bite him, but the officer was too quick for him.

CORRECTION.—Mrs. Anna D. Van-Arsdale telephoned us from Harrodsburg yesterday afternoon to correct the item we copied from the Harrodsburg Herald in which she is credited with saying she is for Mercer's candidacy for judge and commonwealth's attorney. She also says she never expressed herself on political affairs in Lincoln to the Herald.

BOUGHT A MISSISSIPPI FARM.—While down in Mississippi Dr. Jno. B. Owsley and Mr. L. F. Humber, a nephew of the late T. C. Humber, of this county, bought a large plantation and they will raise cotton extensively. Mr. Humber is a practical cotton raiser and will have entire charge of the place. The boundary, which contains several thousand acres, is on the Mississippi river and is in Coahoma county, near Friars' Point. Mr. E. P. Owsley has a cotton plantation not far distant and has done well with it.

BECKHAM AT SOMERSET.—The writer had the pleasure of being at Somerset Friday—Beckham day—and for a big crowd and sure enough enthusiasm the day took the cake. Fully 3,000 visitors were in town and three-fourths of them wore Beckham badges, yelled for Beckham and talked Beckham until their tongues grew tired. The large Opera House was nothing like adequate, and while every inch of available space in it was taken by Pulaski's democracy, thousands of democrats remained outside, hoping to shake the grand young executive's hand when he left the hall. Both Gov. Beckham and Hon. Ollie James made fine speeches and every word uttered fell on good ground. The Governor dealt principally in facts and figures and gave a good account of his stewardship. His speech was entirely free from vituperation and was mainly and dignified. Mr. James went after the republicans and their recent converts hot and heavy and minced no words on any subject on which he spoke. His speech was pronounced by many to be the best effort ever heard in Somerset and we are sorry that space forbids us from giving a full synopsis of it. At night a reception was held at the Opera House, when the large building was again crowded. Both Gov. Beckham and Mr. James made short talks, after which a regular Methodist hand-shaking took place. The parade in the morning was over a half mile long and there were many pleasing and interesting incidents in connection with it, one of which is told in our Somerset letter. At South Somerset a good old Irish woman rushed out to Gov. Beckham's carriage and grasping both of his hands, said: "God bless ye, my dear young man, may the good Lord let us have ye as our Governor one more term!" The success of Beckham day is due to a great extent to the energies of Editor F. J. Campbell, who is president of the Pulaski Beckham Club. He worked hard to get the democrats to town and in making the program for the day and right well were his efforts rewarded. That Pulaski is all right, there can be no doubt and while of course the county won't go democratic Nov. 3rd, we firmly believe the republican majority will be cut to a frazzle and that in a few more years it will be wiped out entirely. Let us hope so, at least.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McElee's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.

## DARK LANTERN METHODS OF THE REPUBLICAN PARTY.

The democrats should not be fooled as to the methods of the Republican State Campaign Committee. The chairman of the republican committee is Dr. W. Godfrey Hunter, whose way of conducting a campaign is unique. He now has secret headquarters at the Galt House in Louisville and is conducting the campaign of his party behind closed doors.

He is endeavoring to create the impression throughout the State that the republicans are disorganized and are taking no interest in the election. He is also endeavoring to create the impression among the democrats that Belknap has no chance and that his followers have practically given up the fight. However, it is learned from absolutely trustworthy sources that Dr. Hunter is using all his skill to effect a complete organization in every precinct in the State and that all this is being done with the greatest secrecy and with the employment of all the dark lantern methods known.

It is also learned from the same sources that the republicans have a larger campaign fund this year than ever before and they are relying on simply buying the majority for Belknap in order to get this State in line in the Presidential race in 1904.

Realizing the importance of the fight this fall the Republican National Committee has sent thousands of dollars to Kentucky and this vast sum has been greatly augmented by subscriptions from big corporations and by contributions of the Federal Machine, which, contrary to the law, has forced minor employees of the Government to give money from their salaries.

It has long been Dr. Hunter's boast that he can carry Kentucky if he has the money to buy the votes. The democrats in the coming election should show Dr. Hunter that the republican party, backed by the National administration, the corporations and the Federal Machine, cannot buy the suffrage of the people of Kentucky. They should show him that it makes no difference to what extent the State is flooded with money, that the vote of the Commonwealth cannot be purchased and that they believe in majority rule.

## KINGSVILLE.

Mr. and Mrs. E. D. Carey, bride and groom, have gone to housekeeping in the dwelling owned by Mr. J. M. McCarty.

There is still another wedding, to which we have already alluded, and which is to take place in the near future.

The cannery factory runs only a part of the time now, as the season will be over soon. This has been an exceptionally fine season for tomatoes.

Mrs. C. G. Baker has returned from the city with a lovely line of fall millinery. She also learned the art of trimming during her stay in the city.

L. D. Beagle was severely though not seriously injured a few days since in his work at the new water tank. Oby Francis was also hurt by a hand-car running over his legs. Strange to say his injury was slight.

Mrs. Carey continues ill with malaria fever, which disease is very prevalent here. D. B. Flint and family will move soon to W. L. McCarty's farm near Stanford. Perry Bryant and family will move to Indianapolis.

The new side track which is under construction running out to the saw mill of Hodge & Campbell will soon be completed. The work is suspended for the time being, however, owing to a misunderstanding between the company and the firm.

Mrs. B. C. Pennbacker, of Somerset, was here on business a few days since. Mrs. Ada Gooch and little son have returned from a visit to friends at Ludlow. Mesdames Wm. Reynolds and Merideth Francis have returned from an extended visit to relatives at Ludlow. Mack Williams leaves soon for the South.

## In Loving Remembrance of My Cousin, Linda M. Dillon.

On a September night, so beautiful and so calm, death entered a happy home and cut down one of its most beautiful flowers. God has chosen this loved one, who was the centre of a happy home, to adorn a more beautiful abode, where sickness, sorrow and death never come. It was a sad, sad death; so young, so fair, and when life promised most, when friends were upon every side and when there was no sorrow visible anywhere; she was loved by six brothers, she was a father's and mother's idol. May they lift up their heads in their grief and through their sobbing say, "It is best." Father, mother, may your last days be full of peace and calmer and sweeter will your spirits become, until the gates of heaven lift and let in the words of pilgrim into eternal springtime and youth, where the limbs never ache and the eyes never grow dim.

"Nothing is our own; we hold our pleasures Just a little while, ere they are fled, One by one life robs us of our treasure, Nothing is our own except our dead."

ELLA MAY.

The Alabama legislature has made it unlawful to play golf, base ball, foot ball or tennis on Sunday and a mealy northern paper says that lynching of Negroes is now the only Sabbath day diversion in the State.

## MIDDLEBURG.

Eld. J. Q. Montgomery preached at the Christian church Sunday and Sunday night.

Mrs. Emma Drye took charge of the postoffice on the first of the month, having succeeded her brother, Jason Wesley.

Col. Morris B. Belknap, the gubernatorial nominee of Sappism and all it implies, will speak at Liberty the 23th. A large crowd will no doubt greet him.

Richard McDaniel will run the water mill for J. K. Coffey the coming season. Mr. Coffey has lately put in a new dam and other necessary improvements.
